## SUMMARY

Computer Education and Educational Technology graduate from Boğaziçi University (highest GPA in cohort) with two years across growth marketing, content, and business development in AI, gaming, health, and consulting startups. Founding marketing team member at a healthtech startup, where I built the growth function from zero across paid, content, and automation, and own channels end to end from performance data to the workflows behind them.

## SKILLS

**Marketing & Growth:** Growth Marketing · Content Strategy · Content Marketing · Digital Marketing · SEO · Meta Ads · Google Ads · Market Research · Competitor Analysis · Partnership Development · KPI Tracking

**Analytics, Automation & Tools:** Data Analysis · User Research · Performance Analytics · Google Analytics · Python · SQL · n8n · Workflow Automation · AI-Assisted Pipelines · Canva · Adobe Premiere Pro · Notion · HTML/CSS · Unity

## PROFESSIONAL EXPERIENCE

### Coding Instructor – Istanbul Metropolitan Municipality (IBB)

Feb 2026 – Present

- Delivered coding education to 50+ students over one academic year through structured, project-based learning.

### Growth Manager (*joined pre-launch as Marketing Intern, promoted Jun 2026*) – Cancera Health

Oct 2025 – Present

*Early-stage healthtech startup, ~10-person core team; reporting to the Head of Marketing and CEO*

- Manage social media channels, paid social, and growth marketing initiatives, using performance analytics to optimize engagement; grew Instagram from launch to **6.6K followers** (72% of views from non-followers).
- Run Meta Ads lead generation campaigns end to end, generating **1,400 leads** at a **2.2% link CTR** (roughly double the Meta average); cut cost per lead by **60%** between Feb and Jun 2026 through creative and audience testing.
- Lead content marketing across blog, social, and email channels, from editorial planning to cross-functional campaigns; brief and direct an editor and a designer, and run the CanceraTalks webinar series (**13 sessions, 820+** ad-driven registrations).
- Producing educational e-books on oncology, verifying clinical accuracy against NCCN, ASCO, etc. guidelines.
- Design and maintain automated workflows (n8n + LLM-assisted drafting) for SEO-optimized content production and Meta Ads anomaly detection, reducing manual production time by **40%**.
- Collaborate with the product and development teams on website features and user experience improvements.

### Marketing & Business Development Intern – Opinion AI

May 2025 – Aug 2025

- Supported growth marketing initiatives through social media management and performance analysis.
- Conducted market and competitor research, identified potential partners, joined external business development meetings, and supported the Technopark launch process.

### Marketing & Business Development Intern – Elkin Consultancy

May 2025 – Aug 2025

- Developed strategic content and conducted market and competitor research to support consulting projects.
- Prepared executive presentations and business reports; supported partnership outreach and client communication.

### Undergraduate Research Assistant – Boğaziçi University

Feb 2025 – Jun 2025

Collaborated with faculty members to ensure efficient laboratory operations and student support for courses.

### Marketing Artist Intern – EONEvolve Gaming

May 2024 – Dec 2024

Created marketing content and supported digital campaigns using Google Analytics, Google Ads, and SEO tools.

## EDUCATION

### Boğaziçi University – B.Sc. in Computer Education and Educational Technology

2021 – 2026

*Ranked 1st in Cohort by GPA · Departmental Award Recipient*

## CERTIFICATIONS

McKinsey Forward Program – McKinsey & Company (Dec 2025) · Fundamentals of Digital Marketing – Google Digital Academy (Oct 2025)
